

This week, K4 students learned about farm animals and the products that come from them! They also had the chance to practice milking a pretend cow!

Some new MS X-blocks kicked off this semester! Pictured here is an X-block on small internal combustion engines led by ICS parent, Mr. Jay. What a great opportunity for our students!

Our senior Thai classes took a field trip to Ayutthaya this week to visit the summer palace of King Rama 5 and Bang Pa-In.

The ICS Robotics Club traveled to Japan last week to compete in the ASIJ VEX Robotics competition. ICS teams did very well in a competitive field. Two teams made it to the quarterfinals and one team qualified for the semi-final!

SPOTLIGHTS
