

In our Senior Transition class, students learned about cooking from our very own gourmet chef, Mr. Mark!

Head over to the Secondary Media Center to check out the MS book recommendations display by our X-Block Book Club!

This week's Thanksgiving themed ES chapel included the entire grade 3 class leading a special song and dance about thankfulness! They were amazing!

Characters from Seussical visited ES classes to read Dr. Seuss books to students to get them excited for the upcoming show!

We are thrilled for the upcoming performance of Seussical! The show dates are November 22 and 23. There are still a few seats available if you want to purchase tickets!

Our K5 students learned how to build ramps and tracks for their unit on force and motion!

The ICS PTO recently sponsored a Habits Workshop with our HS students where they learned about how to align their habits with their desired identity!

What a great moment captured of our HS students using their time and energy to tutor ES students! ICS students are the best!

MS Advisories had a straw tower building competition this week!

Our HS Engineering students have been learning about and using 3D printers to design and create things. Andrew created a working fishing lure!
